HCTS email- Pricelist 2006

To make a new email account we need following details:

- Your username- your new email address will later look like: yourname@elct.org
- Your password- it has to be at least six characters long with three numbers in it
- If you want a HUGE or a NORMAL account-
 - a NORMAL account blocks incoming messages over 50 kB. This is sufficient for regular mails, but too small for large Spam mails and for mails with pictures in it. It is money saving because you need less time connected with our server and pay less telephone fees.
 - With a HUGE account you can receive mails of any size- it is more comfortable to receive all kind of mails but also more expensive in telephone fees.

Service	Charge
Installation of a new email address	15.000 /=
Monthly fee for your email account (apart from the telephone fees)	9.000 /=
Troubleshooting by phone	Free
Solving connection problems on server side	Free
Solving problems on the computer of the customer	2000 /= per hour

- Get connected to the world- with HCTS email Service-
